

Optar por las Notificaciones de Préstamo de la Biblioteca (Español)

Rev. 9/29/25

Siga estos pasos para optar por las notificaciones de préstamo de la biblioteca para su estudiante.

1. Navegue al sitio web de la escuela de su estudiante. En este ejemplo, usaremos la escuela secundaria Thomas Dale. Puede [ver una lista completa de escuelas aquí](#).
2. Haga clic en "Academics" y luego en "Library."

3. Desplácese hacia abajo y a la derecha, haga clic en "Checkout Notifications."

A library is an essential component in supporting our instructional programs

- Students may come independently for checkout, research, make-up work, and/or book selection between classes, before and after school, or with a pass from a teacher during the class period.
- Students can renew their books at any time from their Chromebooks via the Library Catalog site under the My Account tab using their username (student ID number) and password (last 4 digits of their student ID number).
- Classroom teachers also schedule time for instruction and research in the library.

PARENT ACCESS

Chesterfield County Public Schools is at the forefront of ensuring that parents and guardians have transparency about school library books. Here are three opportunities for parents:

- Parents can access their student's school library accounts by clicking the library catalog button on this page.
- Parents may opt in to receive an email when their student checks out a book by clicking the checkout notification button on this page. The email will include title, checkout date and due date.
- Parents can create a list of books that their student will not be allowed to check out by taking these steps:
 - Look up your public access catalog login ID by [going to ParentVUE](#) using a web browser on a computer or mobile device (not using the mobile app). In ParentVUE, go to **My Account** to find **Adult ID#**.

4. Complete el Google Form que se muestra en su pantalla. Recuerda que, si cambias de opinión acerca de recibir notificaciones, siempre puedes volver a enviar Google Form para cambiar tu estado.

Library Check Out Parental Notification Form

The purpose of school libraries is to provide students and teachers with a wide range of educational and recreational materials on all levels of difficulty and in a variety of formats, with diversity of appeal, and allowing for the presentation of many different points of view. Chesterfield County Public Schools recognizes that there may be content in school library books or resources that is considered controversial by some or is inconsistent with the values of individual families. Parents and guardians are encouraged to talk with their students about the selection of library books in the context of family expectations.
